M.A.G.I.C. -
Mentoring a Girl in Construction
summer camp is a free, one week day
camp designed to introduce high school
girls to exciting careers in the
construction industry.

M.A.G.I.C. CAMP...

Provides a supportive and nurturing environment for high school girls to explore and develop basic skills in the areas of carpentry, electrical, welding and HVAC/plumbing free of charge.

Offers high school girls a gender-neutral environment to learn and practice new skills without fear of being teased or isolated.

Develops greater self-confidence and better self esteem for girls who tackle challenging projects and successfully complete them.

Develops a safety-first attitude and “we can do it” mindset via the safety and history of women in construction seminars on the opening day of summer camp.

Introduces high school girls to women role models who have achieved success in all areas of construction. From tradeswomen to engineers, architects to accountants, project superintendents and business owners to clerical support, the girls learn that there is room in the construction industry for their dreams too.

Introduces students to valuable college and tradeswomen scholarship information.

The National Association of Women in Construction (NAWIC) originally began as Women in Construction of Fort Worth. It was founded in 1953 by 16 women working in the construction industry. Knowing that women represented only a small fraction of the construction industry, the founders organized NAWIC to create a support network. Women in Construction of Fort Worth was so successful that it gained its national charter in 1955 and became the National Association of Women In Construction.

The Greater Orlando Chapter was chartered in 1962 as the Orlando/Winter Park Chapter and is a part of Region 3, the only Region encompassing an entire state! During the past 10 years, this Chapter has grown to having over 100 members from Orange, Seminole, Lake, Osceola and Brevard Counties. The name change to Greater Orlando was to encompass our far-reaching members. The Greater Orlando Chapter is one of the largest chapters in the nation and is definitely a very active chapter!

M.A.G.I.C. CAMP

June 6th through June 10th, 2011

Seminole State College, Sanford Campus,
Building D

Open to Incoming Sophomores & Juniors
2.0 GPA Required
